

July 2022

Hawaiï Association of Nurse Anesthetists

Result from the Amendment to Bylaws Article IV Section 2

As you recall, the amendment to the bylaws article IV Section 2 was supported by 73% of the voting members in May election. After consulting the AANA Parliamentarian, HANA Board of Directors have approved the increase of the total number of Board of Directors to five, effective September 1, 2022. As a result, the two additional Directors are shown below.

Meet the two new Directors:

Valerie Cook

HANA is very happy to announce that Ms Valerie Cook and Dr Debra Malina will also be on the board to serve our CRNAs as of September 1, 2022.

Debra Malina

They are both residents of the Big Island, representing the rural part of Hawai'i.

We are very excited and looking forward to working with all the newly elected board members.

Please stay tune for next month HANA update. In the meantime, feel free to contact your editor at HANATreasurer@gmail.com for any comments, concerns, or questions. A hui ho!
